BATTLE SHIELD OF ZEUS

Akuma Aegis visors incorporate the latest protection features and technology known to date on helmet visors. Please read and adhere to the following care and safety instructions.

Cleaning:

-Use only mild soap and water with a soft cloth or microfiber cloth to clean your visor. The visor will be very easy to clean because of Akuma's proprietary coating. There will be no need to scrub or wipe hard.

-Do not use harsh abrasives, a hard or rough cloth, or bleaches to clean your visor

-Do not use hot water to clean your visor. Use lukewarm or cold water.

Warning:

-Mirrored or Iridium Aegis visors should be used only in bright or daylight conditions. Do not use Aegis Mirrored or Iridium visors at night
